California

California State Parks <http://www.parks.ca.gov>

The California State Parks web site lists each park's individual page by an ID number, i.e. Año Nuevo State Park's web page is http://www.parks.ca.gov/?page_id=523. Because this isn't a very 'clean' or user-friendly URL, nor does it instill a sense of permanence, I recommend bookmarking the main State Parks web site homepage, then search by the park name. However, I'm still including the page ID number that you can use.
